How Food Therapy Works

Congratulations! You have hired a coach to help you do things differently so you can feel better. I will use my education and experience to find foods, supplements and lifestyle therapies that fit with your health needs, preferences and tastes.

If I ever say or do something that upsets you or does not feel right, please bring it up and tell me so we can work together to make it right. Your job is to communicate with me so that we can find the best solutions possible.
